

'Preparing with H1N1 2009 pandemic in the winter'

The number of diagnosed H1N1 patients is still very high and the information available is sometimes contradictory or difficult to obtain. Samitivej Hospital is able to provide accurate and up to date information to all our customers & friends and would like to invite you to a very special talk on the topic 'Up-to-date with H1N1 pandemic' by Dr. Payia Chantadisai - M.D., Infectious Disease Specialist, Samitivej Hospital to give you further information on how to protect yourself.

Program

- 8.00 - Registration
- 8.30 - Welcome speech by Todd Guest
- 8.40 - 'Up-to-date with H1N1 pandemic'
presentation by Dr. Payia Chantadisai
- 9.30 - Questions from the audience
- 10.00 - Closure by MBMG

The Health talk will be followed by networking and happy hour (snacks+tea+coffee+juice)

Date - 18th September 2009

Venue - Buncha Lumsum room, 6th floor, 2nd Building, Samitivej Hospital Sukhumvit Free entrance (do not forget to bring your colleagues, family members & friends)
